Seedling Growing Lamps

Sun, 02/02/2014 - 20:46 -- greatgardener

Before to open the greenhouse, in the end winter, when the weather is too cool outdoor, its useful for all gardener to start seeds indoor (house or basement).

You've got install a [seedling table with growing lamps](#) [1]. This will help seedlings before to move them in the greenhouse.

It's inexpensive way to get exactly the plant varieties you want to grow.

See how to build it: [My seedling grow table](#). [1]
