

ARDENERS
TIONAL

kgi.org)

rain is always welcome and appreciated. But what if it

drop of water throughout the year, the "nopalera"

cactus planted drip irrigate only a few minutes each week, our trees are irrigated with reuse water and vegetables with "Ollitas Sol" Sun small pots.

The Ollitas Sol are a blessing: Low cost, easy installation, easy maintenance, labor saving, save water and save money. We can not ask for more!
