Maxine's ,Susan's and Andrew's remaining seeds distributed.....Village Dhok Malka.

Mon, 10/18/2010 - 10:22 -- Salma

** *On Sunday I went to village Dokh Malka situated in Union Council Kipra . ** The village has recently drawn attention as few brave soldiers belonging to this village were killed (fighting war against terrorist) and burried with full military honor.**I knew Nasir belonging to that area and he had arranged event in his home The villagers are quite poor since their agriculture land is mostly Arid , with huge boulders of stones here and there .Only along Kurrang rivers one can see few patches of rich farm land .**The land between rocks and boulders is tilted by local farmers and Main crop grown on scattered patches is wheat and maiza. But people also grow vegetable.** The Margalla Hills lie to the north east. Road leading to village is metelled recently and the whole landscape is full of natural terrace fields and meadows with Kurrang river meandering through. ** The area has hot summers with monsoon rains occurring during July and August. **Nasir families consists of a retired father, mother, five brothers and 2 sisters and two sisters in laws.**They all live in close vicinity of each other, building new houses as needed on 30 acre land of forefather?s. **Nasir is unmarried and live with his parents and 2 unmarried sisters in old house built by grand father .The two married brother have built their own houses in close vicinity.**In the same neighborhood are residing their uncles, aunts and other relatives.**There father is retired is a peon.**The eldest son is motor mechanic by profession, the second is also mechanic, the third is tailor, the fourth is also carpenter and the youngest is most educated and accountant in a company.**Most of the farming is done to fulfill their own domestic needs. The men folk do meager jobs in city and in spare time work in the fields.**It was holiday so when I arrived the new spread that free seeds are to be distributed and all the relatives living nearby gathered at Nasir houses.**It became quite a festive occasion.** Painted Charpoys were laid out in court yard covered with beautiful hand made crochet bed sheets. **Fresh lemon sherbet served.**When I distributed seeds t**he womenfolk show great enthusiasm and tried to get extra packets by lining up again. I had hard time remembering faces.**In the end we all lined up for a group photo.**-----**Maxine Seeds:**All

seeds were from are from Fedco Seeds.**1...Danvers 1.26 Carrots/CML.....Total packets.....16**2...Pingtung Long Eggplant.....Total Packets.....20**3...Golden Acre OP Cabbage.....Total packets.....02**4....Tye Spinach.....Total Packets.....02**5....Aradia Broccoli.....Totla Packets.....02**6....Jubilee Tomatoes.....Total Packets.....02**7....Marketmore 76 slicing Cuke OG.....Total Packets....02**8....Howden Pumpkin.....Total Packets.....02**9....Red Ace Beat OGTotal Packets.....02**10...Green Arrow Shell Peas.....Totla Packets.....02**-----** TOTAL 52
