Eat Your Flowers.

Tue, 11/16/2010 - 12:07 -- julieta

There's a reason I'm not a food blogger. I lack the required domestic genes. I love food. I love beautiful food. But I can't create beautiful food.

I try. Truly. I drool over slick foodie magazines. I bookmark lovely recipes from my favorite food blogs, like [The Pioneer Woman](#) [1] or [Orangette](#) [2]. In fact, the [vanilla bean scones](#) [3] from The Pioneer Woman's site are what inspired my latest culinary/crafty attempt from the garden, which you can see here:
