My lack of Tech skills must be a problem.

HI,

I'd like(or have tried) to start a pod. But i've not had much luck?

I have started a plant study group in my local area and we would love to have a place here to connect, share our studies and share recipes.

We have 23 in our group and more to be joining us.

Any tips you can give to achieve this goal would really be helpful.

Joyous Day

Jeannie (aka Spirit2Sole)

I have gotten permission to start a blog, but after 6 attempts still no pod showing up?

My students are wanting to join in this site and can't find the pod?

Thanks
