CIEDM Meetup on 2011 World Kitchen Garden Day

Mon, 08/22/2011 - 15:39 -- CIEDM

Following CIEDM Meetup on 2011 National Honey Bee (Awareness) Day held on August 20, we schedule to have another meetup to celebrate the World Kitchen Garden Day on Sunday August 28. While KGI sponsors & calls for an world-wide celebration annually for this special day, we are supporting KGI call with this local meetup as we did in 2010. The CIEDM event planned for a small group of guests will be held at Arcadia EcoHome, a green building with a Victory Garden, and the objective is raise public awareness of & action to engage home farming that supplies healthy & sustainable food for human beings. Simialr to our 2010 Meetup, Dr. Edward Huang ??? a Kitchen Gardener, will lead a conversation on the subject & provide a tour of the garden which is also a Certified Wildlife Habitat & an Ocean Friednly Garden. In addition, we'll promote home gardens as pollinator friednly gardens that supply foods for other beings as well by incorporatating & integrating our home gardens as a part of ecosystem.
