kgiadmin question

Wed, 04/25/2012 - 15:03 -- KGI

Question:

How do I change my password?

Topics::

[KGI website](#) [1]

Group content visibility:

Use group defaults

Answer::

If your password is not working and you want to request a new one, go to <http://kgi.org/user/password> [2] and fill your email address. You will be sent a link that will allow you to log in. Once you're signed in, you can change your password by clicking on the "My Account" tab.
