

ca question

Tue, 05/01/2012 - 14:14 -- ca

Question:

We are going to install a greenhouse this year. We have a small piece of property, so can't use anything bigger than 6 X 8. Can anyone recommend good resources or companies? Any opinions on polycarbonate vs glass? Wood vs aluminum frame? I live in the Pacific Northwest (U.S.), so it rarely gets below 20 degrees in winter.
