Roger Doiron question

Mon, 08/20/2012 - 13:53 -- Roger Doiron

Question:

Anyone ever tried burying cabbage for long-term storage?

Crops::

[cabbage](#) [1]

Question Details (optional):

It was apparently done quite a bit back in the day. I read in one place that that you can bury them upside down in a paper bag to give them an extra layer of protection. Do chime in if you've heard anything about this or another method that you feel is worth sharing.
