## Mary Ellen Bonelli question

Mon, 12/17/2012 - 17:23 -- Mary Ellen Bonelli

Question:

I am trying to grow basil and parsely inside (from seeds) and they are very weak and leggy and seem to have stopped growing, what do I need to do to get them to be strong and flourish? I have them in a sunny window; but it is winter here, do I need a flourecent light or a warmer spot?
