## **phylliszoon question**

Mon, 03/25/2013 - 16:50 -- phylliszoon

Question:

What materials should we use for building our raised bed containers?

What materials should I use for building our raised beds?

Question Details (optional):

We are a group of "church ladies" (called Wild Women of Plumsted) and are planning an organic garden. We had hoped to have raised beds to make them more accessible to the older members, but are hearing that if we use untreated lumber it will only last 1-2 years. Would like benefit of others' experience.
