Giving Back with Healthy snacks!

Sat, 06/29/2013 - 20:42 -- MalaO'Haiku

Mala O' Haiku recently recieved a KGI grant which we are very grateful for!

With this grant we were able to buy soil amendments to add to our beds giving it new life . We have had the most bountiful harvest yet.

With are harvest we were able to provide healthier snacks to our children during garden class! Giving some children there very first salad experience . The children love coming to garden class and trying new vegetables and healthy snacks! The consider it there garden treat! Mahalo KGI for making this possible !
